Children with SEND: Of those parents who responded, two felt their child was not being given the help needed to succeed but of course we want all children to succeed. We will continue to work with parents to support our children with SEND needs.

How we deal with concerns

Of the 27 of parents who had ever raised concerns, 24 of them felt they were dealt with properly.

Clubs: While 92% felt their child could take part in clubs, we know that parents would like more clubs, particularly for KS1. Many appreciate the efforts made and while we cannot increase our school run clubs, we will continue to try to bring in outside providers where space and uptake facilitate.

Communication about learning: Only 89% of respondents felt that we let them know how their child is doing at school. We will be discussing the different parent suggestions and certainly seeking to improve this for parents. If you do want to discuss your child's learning, do make an appointment with their class teacher.
