Creating a collaborative Woodlea PTA

Do you know why we have a PTA?

A Parent Teacher Association supports the school by raising money to enhance, enrich and improve experiences for all pupils. It is run by volunteers and can only succeed with your support.

Parent / Carer Reps

Thank you to the people who have volunteered to be the PTA class reps. These volunteers will bring forward your ideas and be involved in shaping the PTA.

Working Together

The new PTA would like to help promote and support the local businesses in our Woodlea parent and carer community.

Supporting Local

The PTA would welcome Woodlea parents and carers who have businesses or services and would like to have a stall or presence at events.

We are currently taking bookings for the Christmas fair. Email us for further information.

Directory of services

We would like to create a directory of services from within our school community to support you and offer details of local services to the Woodlea and Woldingham community.

If you would like to be included, please email us with details.

Advertising, Sponsorship & Donations

The PTA would like to create more opportunities for advertising and sponsorship for businesses in order to generate more funding.

Does the company you work for offer charity donations?

If you are interested or know any other companies, please email us.

We are very lucky to have talented parents at school. Briony Ace offered her interior design skills to help the PTA plan funding for the furniture. We would like to say a *big thank you* to Briony.

What are we raising money for?

Outbuilding

The PTA would like to create additional space using an unused area within the grounds of the school.

Could you get funding to help? Does your company offer charity donations?

The purpose of the buildings will be to increase the activities run by the PTA e.g. coffee mornings, Friday pizza night; parent-led after school sessions etc.

BIG THANK YOU

Another amazing parent, Robyn Hetem, has put a proposal forward to her company and secured £1,000 donation towards this project. We would like to say a *big thank you* to Robyn and Winn & Coales (Denso) Ltd.
